Dear Hiring Manager,

It is my pleasure to recommend Jared Huffstutler for employment with your organization. I had the pleasure to work with Jared as a TA in the same cohort of the Coding Boot Camp being taught at the University of Arizona and can say he is a very hard-working individual who has the knowledge and passion necessary to be a great developer.

As a TA in the coding boot camp, Jared has demonstrated great technical knowledge in all web technologies including HTML, CSS, JavaScript, and jQuery. Additionally, he has shown to greatly care about the quality of his work performance. He will go to great lengths to ensure his students understand the material being taught at the coding boot camp and will not hesitate to spend hours teaching them outside of class if necessary. He is the kind of person that sets very high standards for himself and it shows in the work he does as both a TA and a developer.

I recommend Jared without reservation. I am confident that he will be a great addition to your team and that he will be able to perform any development task asked of him that far exceeds expectations. Please let me know if you need any additional information, thank you.

Sincerely,

A handwritten signature in black ink that reads "Fabian De La Peña". The signature is written in a cursive, slightly slanted style.
